Even if you say that to me, Juniper...
Come on, Fennel! Keep going!
Ha, ha, no more~ No more climbing~
According to the call I got, Dad should be just past this hill
!?

The final evolutions of the starters are finally together! Now, it's time for a battle!!

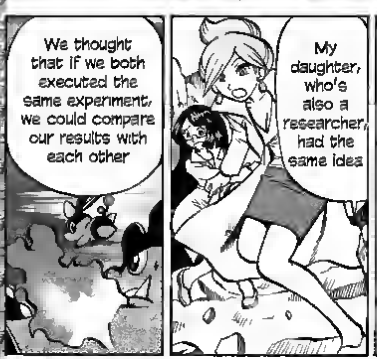
ポケットモンスターSPECIAL

博士の助手をめざし「ポケモン図鑑」をもらえた少年・少女たち～最強のポケモンがポケモンとうまくなれ！熱い！感動する冒険バトルアクションストーリー

You recognize it, right? It's one of three Pokemon that were in my laboratory!
Do you recognize this Samurott?
Grass, water, fire... The final evolutions of the starters



We thought that if we both executed the same experiment, we could compare our results with each other
My daughter, who's also a researcher, had the same idea
That's why I had them
I wanted to give them to new trainers and observe their growth ..

It was a rainy day one year ago...
But... right before we could do that, something happened at my lab
Then, all we had to do was to look for new trainers that fit the bill

After my coronation, I left my "castle" and ventured through Unova
Was my first job as king
Freeing those Pokemon from your lab...
Profes-sor Ju-niper...
No matter where I went, all I could hear were the lamenting "voices" of the Pokemon
It was terrible
It was as my father had
They were
I found the causes behind this...

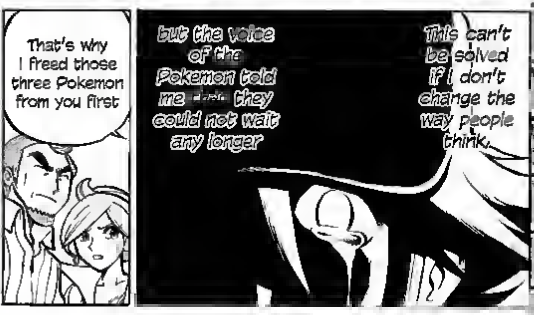
by competitive trainers and researchers who seek their own self-satisfaction
Pokemon are captured, examined, and forced to do battle against their will



That's why I freed those three Pokemon from you first
but the voice of the Pokemon told me that they could not wait any longer
This can't be solved if I don't change the way people think.

then you're stealing the Pokemon's freedom away from them too
If you call my "liberations" stealing,
improving relationships...?
is what we do as researchers!!
You're wrong! Improving relationships between Pokemon and humans

I also know that you didn't hand the starters to their trainers personally. You had them delivered instead
Zoroa disguised himself as a boy and watched you
H-How do you know!?
Then, you scolded them for running around. Tupig even caught a cold

You "prepared" those Pokemon. You "sent" those Pokemon
This proves that you think Pokemon are things
Why won't you listen to the voices of your Pokemon?
You don't even try to get to know them through their facial expressions, behavior and cries
.....
.....

Don't kid with me!!
They're thinking, "even if I follow his command, is there any point to fighting?"
I can understand your Pokemon
chance. Can't win. No way I can win. Not a chance. Can't win. No way I can win. Not a chance. Can't win. No way I can win. Not a chance. Can't win. No way I can win. Not a chance. Ca
See, this is an example of how you don't understand Pokemon
Mu-sha!!

The taste changed
Your dream, which is your bait for Munna, is no longer delicious
That's why Munna doesn't want to eat your dreams anymore

Up until now...
Munna has merely been following you to feed on you
You used Munna in battles
and to give you exceptional skills in observation and reasoning
You and Munna only had a give and take relationship
Since that relationship was all based on your dreams...
and since you're no longer gushing forth with dreams,
Munna has no need to be with you anymore

Father,
I've surpassed the champion
That will be the last battle
where Pokemon get hurt
Why can I see the answer...
to what I thought was an unsolvable formula?

Can Black stand back up without Musha!?
as a hero, alongside Reshiram
I'm sure that you will stand in front of me once again
Zekrom's voice!?
Is this
A week later, the Pokemon League opened...!!
As cruel as anyone could be, time simply passed
